

PERA & STS at SIMEI, Milan 2009

Materiel PERA, the French winery equipment specialist, displayed the new **PERA STS 45** centrifuge for the first time at SIMEI, Milan in November 2009.

PERA has licensed the **STS Series** centrifuges from Separator Technology Solutions, of Australia, for clarification of red juice from PERA's patented **Flash Détente** and **Gulfstream** processes.
